Are there any other editiones of these books?

Do you have any other books or are you expecting any other books.

I have the 6 US ed. Are there any differences in the Peter Dawnay eds ?

I am most conserned to have all your works. I would pay for a xerox copy of anything. I would like to know of any prepared or considered works so as to get my card file up to date. I hope to publish (free) a list of all works on JFK assassination. Could you tell me of any work of but little circulation. I have cards from major libraries. Thank You, Harold Irving Porter
